

Warranty

For Bcl electromagnetic ltd devices

The following terms for the extent of the warranty, warranty period and written warranty claims apply to Greece.

BCL Electromagnetic Ltd provides the buyer, at his option, in addition to the legal claims against the seller, warranty claims in accordance with the following terms:

I. Duration and commencement of the warranty

1. The warranty is valid for 36 months
2. This time period begins on the day (date) of delivery of the device.
3. Benefits made for guarantee purposes do not extend the warranty beyond the original term.

II. Warranty conditions.

"BCL Electromagnetic Ltd." provides the above warranty only for BCL devices for which the following conditions are met:

1. Devices have been put in function by the service of "BCL Electromagnetic Ltd"

III. Content and extent of the warranty.

1. Defects that may occur during the warranty period are restored by BCL Electromagnetic Ltd. free of charge either by repair or by replacement of the defective parts. Replaced spare parts or parts of the devices are the property of "BCL Electromagnetic Ltd".

2. "BCL Electromagnetic Ltd" may replace the device with another one if at its discretion the repair is pointless.

3. If "BCL Electromagnetic Ltd" delays to repair the defect and this delay lasts for more than four weeks or if the repair fails or becomes impossible then the buyer has the right to request either the reversal of the sale or the reduction of the price or as well the replacement of the device.

4. Other claims for further compensation against "BCL Electromagnetic Ltd "are excluded.

5. The defective parts of a discounted purchased device are excluded from the warranty.

IV. Warranty limitations
